It is a boon to the weak and ailing

"You have no idea how well I feel. I am satisfied that I do not need any more medicine, as I am in as good health as I ever wait in my life." So says Mrs. Mary Engelhardt, of 286 Madison St. St. Louis, Mo., to a reporter of the St. Louis Globe-Democrat. Louis, Mo., to a reporter of the St. Louis Globe-Democrat.

Tor more than ten years I had suffered with what the doctors termed female trouble, also heart trouble, with swelling of the feet and limbs. Last summer I felt so badly that I thought I had not leng to live. I consulted doctor after doctor and took their medicines but felt no better. The physicians told me my kidneys were not affected, but I felt sure that they were the cause of my trouble. A friend recommended me to try Dr. Kilmer's Swamp-Root, and I must say I derived immense benefit almost from the first week. I continued the medicine, taking it regularly, and am new in splendid health. The pains and aches have all some. I have recommended Swamp-Root of all my friends, and teld them what it has done for me. I will gladly answer any one who desires to write me regarding my case. I most heartily endorse Swamp-Root from every standpoint. There is such a pleasant taste to Swamp-Root, and it goes right to the weak spots and drives them out of the system."

MRS. MARY ENGELHARDT.

How to Find Out If You Need Swamp-Root.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys. but now modern science proves that nearly aff dis eases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood-that is their work. So when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty if you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will belp all the other organs to health. A trial will convince anyone.

Many women suffer untold misery because the nature of their disease is not correctly understood. They are led to believe that womb trouble or female weakness of some sort is responsible for the many ills that beset womankind. Neuralgia, nervousness, headache, puffy or dark circles under the eyes, rheumatism, a dragging pain or dull ache in the back, weakness or bearing down sensation,

profuse or scanty supply of urine, with strong odor, frequent desire to pass it night or day, with scalding or burning sensation,-these are all unmistakable signs of kidney and bladder trouble. If there is any doubt in your mind as to your condition, take from your urine on rising, about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling or

if small particles float about in it, your kidneys are in need of immediate attention. Other symptoms showing that you need Swamp-Root are sleeplessness, dizziness, irregular heart, breathlessness, sallow, unhealthy complexion, plenty of ambition but no strength. Swamp-Root is pleasant to take and issued in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has

ever been able to compound. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar bottles at the drug stores everywhere.
